Subject: FW: Final Conditional Approval of Sims SSAP

Christine,

Attached is EPA Region 9's Final Conditional Approval Letter for the Sims Sediment Sampling and Analysis Plan for their metal recycling facility at the Port of Redwood City. Sims has 120 days to complete the SSAP under EPA's Consent Decree. I've also attached Sim's final SSAP, dated March 31, 2016. I am the EPA staff contact for the site, so of course feel free to contact me if you have any questions. I will likely be observing Sims conduct part of their sediment sampling.

Best,

Juliet Hannafin
CWA inspector/physical scientist

Subject: Final Conditional Approval of Sims SSAP

Melisa and Peter,

Attached is the Final Conditional Approval of the Sims SSAP. Of course, let me know if there are any concerns. I look forward to the SSAP commencing. Please keep me posted.

Regards,
Juliet
